

**Compliance Letter 11/28/05
WC DOCKET 05-196 and 04-36**

Company Contact responsible for company compliance efforts with VoIP E-911 order:

Edward Cespedes
President
110 E Broward Ave 14th Floor
Ft Lauderdale Florida, 33301
edc@corp.theglobe.com
954-769-5948

The Company's efforts to comply with the terms of the VoIP E911 order have been hampered by Hurricane Wilma. The Company contracted with Intrado to provide the necessary services, but Wilma not only severely damaged the Company's facilities but also has interfered with the efforts of Intrado. It is expected that the Company's E911 system should be operational in early December and the company requests an extension until December 15, 2005 to file the compliance letter and have the E911 system in place.

This Subscriber Notification Report is submitted November 28, 2005, by Voiceglo, a subsidiary of theglobe.com, in compliance with the guidance issued by the Enforcement Bureau in WC Docket No. 05-196 and WC Docket No. 03-46.
